

Installation footprint
50m x 30m

To see Sculpture attachment method look at SFAC_LM_M_det

Sculpture location is approximately 100 meters from the shoreline to minimize impact on lake avian population.

It is hoped that the proposed location minimizes impact on the lake's ecology as well as recreational activities.

Drawing : SFAC_LM_all
 location of proposed installation in relation to entire lake network

Proposed duration is 10 days of on-site presence, with a peak of 4 days of balloon presence.
